1. Introduction

KennediaJobs is a professional job placement and career services platform developed by Kennedia Consulting Limited. It connects qualified job seekers with verified employers across Nigeria, providing a seamless experience for finding, posting, and managing job vacancies.

This manual is divided into three main sections: **Job Seeker Guide**, **Employer Guide**, and **Admin Guide**. Each section provides step-by-step instructions with screenshots to help users navigate and use the platform effectively.

Platform Overview

Job Listings	Browse and search active job vacancies across Nigeria
Easy Apply	Apply for jobs without registration for roles under salary threshold
User Dashboard	Track applications, saved jobs, and manage your profile
Employer Corner	Submit job posting requests and receive application notifications
Admin Panel	Manage jobs, applications, submissions, blogs, and admin users
Email Notifications	Automated emails for applications, OTP verification, and alerts

2. Getting Started

2.1 Registering an Account

KennediaJobs uses a secure 3-step email verification process for registration to ensure only valid email addresses are used on the platform.

1	Click Register Click the green Register button in the top navigation bar on any page.
2	Enter Your Email Type your email address in the field provided and click Send Verification Code .
3	Verify Your Email Check your inbox for a 6-digit OTP code. Enter it in the verification screen. The code expires in 10 minutes. Click Resend code if needed.
4	Complete Your Profile Enter your first name, last name, username, password, and confirm password. Click Create My Account .
5	Access Your Dashboard You are automatically logged in and taken to your personal dashboard.

2.2 Logging In

- 1 Click Login**
Click the **Login** button in the top navigation bar.
- 2 Enter Credentials**
Type your registered email address and password.
- 3 Click Login to My Account**
You will be redirected to your dashboard (job seekers) or the admin panel (admins).

[SCREENSHOT: Login Modal]

Replace this placeholder with an actual screenshot

2.3 Forgot Password

If you forget your password, use the 3-step reset flow:

- 1 Click Forgot Password?**
On the Login modal, click the **Forgot password?** link below the password field.
- 2 Enter Your Email**
Type the email address associated with your account and click **Send Reset Code**.
- 3 Enter the OTP**
Check your inbox for a 6-digit reset code and enter it in the verification screen. Click **Verify Code**.
- 4 Set New Password**
Enter and confirm your new password. Click **Set New Password**. You will be redirected to the login screen.

3. Job Seeker Guide

This section covers everything a job seeker needs to find and apply for jobs, manage their applications, and update their profile on KennediaJobs.

3.1 Browsing Jobs

1	Go to Job Seekers Click Job Seekers in the navigation menu, or click Browse Jobs on the homepage.
2	Use Filters Filter jobs by Location , Industry , or Job Title using the filter fields at the top of the jobs page.
3	View a Job Click the Easy Apply or Register to Apply button on any job card to view full details.
4	Check Status Jobs with a greyed-out Applications Closed button have passed their deadline and are no longer accepting applications.

3.2 Applying for a Job

Option A — Easy Apply (No Registration Required)

Available for jobs below the salary threshold.

1	Click Easy Apply Click the Easy Apply button on the job card or detail page.
2	Fill the Form Enter your name, email, phone number, years of experience, and upload your CV.

3

Agree to Terms

Check the terms and conditions checkbox.

4

Submit Application

Click **Submit Application**. You will receive a confirmation email.

Option B — Registered Apply

For higher-salary roles or registered users.

1

Register / Log In

Create an account or log in to your existing account.

2

Click Apply

Click the apply button on the job. Your name and email are pre-filled automatically.

3

Submit

Review your details and click **Submit Application**.

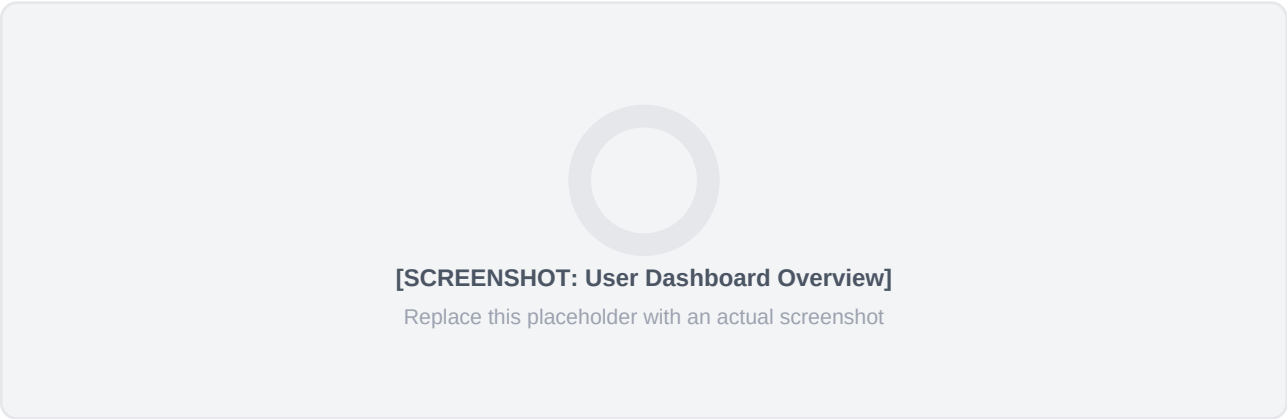

[SCREENSHOT: Job Application Form]

3.3 User Dashboard

After logging in, job seekers are taken to their personal dashboard. The dashboard shows key stats and provides access to all account features.

Stats Bar	Total applications, under review count, shortlisted count, saved jobs
My Applications	All jobs you have applied for with current status
Browse Jobs	Browse all active job listings from your dashboard
Saved Jobs	Jobs you have bookmarked to apply for later
Recommended	Jobs matched to your industry and profile
Blog Feed	Latest career tips and news from Kennedia
My Profile	View and update your personal and professional information

3.4 Managing Your Profile

1	Go to My Profile Click the My Profile tab in your dashboard.
2	Edit Your Information Update your phone number, city, industry, years of experience, LinkedIn URL, and profile summary.
3	Save Changes Click Save Changes . A success message confirms your profile has been updated.

4

Change Password

Scroll to the Change Password section, enter your current password and new password, then click **Update Password**.

3.5 Saved Jobs

1

Save a Job

Click the bookmark icon on any job card to save it. You must be logged in.

2

View Saved Jobs

Go to your dashboard and click the **Saved Jobs** tab.

3

Remove a Saved Job

Click the bookmark icon again on a saved job to remove it from your list.

4. Employer Guide

Employers do not need to register on KennediaJobs. Instead, they submit a job posting request through the Employers Corner, and Kennedia staff post the job on their behalf within 24 hours.

4.1 Submitting a Job Posting Request

- 1 Go to Employers**
Click **Employers** in the navigation menu.
- 2 Choose a Package**
Review the pricing plans and click **Get Started** on your preferred plan. The page will scroll to the request form.
- 3 Fill Company Information**
Enter your company name, contact person name, email address, phone number, and website (optional).
- 4 Fill Job Details**
Enter the job title, industry, location, job type, salary range (optional), and your preferred package.
- 5 Write Job Description**
Provide a detailed job description and any requirements or qualifications.
- 6 Set Notification Email**
Enter the email address that should receive a notification every time someone applies.
- 7 Submit the Request**
Click **Submit Job Posting Request**. A confirmation email will be sent to your email address.

[SCREENSHOT: Employer Job Posting Request Form]

Replace this placeholder with an actual screenshot

4.2 Application Notifications

Once your job is live, every time a candidate applies you will receive an automatic email notification at the address you provided. The notification includes:

- Applicant full name
- Applicant email address and phone number
- Years of experience
- A note that the CV is downloadable from the Kennedia admin portal

Note: To access and download the full CV, contact your Kennedia consultant who can provide it directly from the admin portal.

5. Admin Guide

The Admin Panel is accessible only to users with Admin or Super Admin roles. It provides full control over the platform including jobs, applications, blog posts, submissions, and user management.

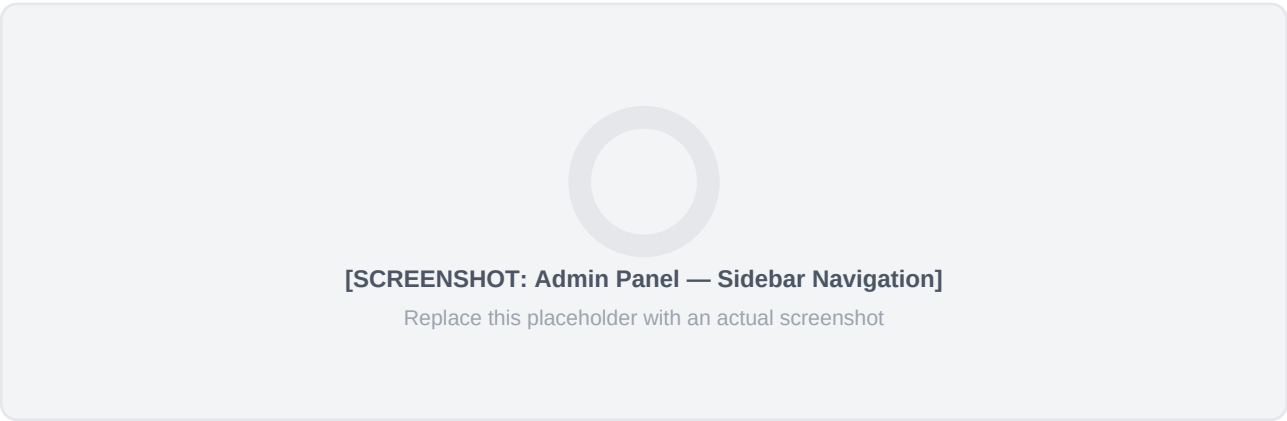

5.1 Accessing the Admin Panel

- 1

Log In
Log in with your admin email and password at the Login modal.
- 2

Click Admin Panel
After logging in, click your name in the top-right navigation and select **Admin Panel** from the dropdown.
- 3

Navigate the Sidebar
Use the left sidebar to switch between sections: Dashboard, Submissions, Content, and Super Admin.

5.2 Dashboard Overview

The admin dashboard provides a real-time overview of platform activity:

Total Applications	Number of job applications received across all listings
New CV Requests	CV writing service requests awaiting action
Active Job Listings	Jobs currently published and accepting applications
Unread Messages	New contact form submissions

Shortlisted	Applicants marked as shortlisted
Job Search Regs	New job search registrations awaiting consultant
Training Enrols	Training enrolment submissions
Blog Posts	Total published blog posts

[SCREENSHOT: Admin Dashboard with KPI Cards]

5.3 Managing Job Listings

Posting a New Job

1	Click + Post New Job Click the + Post New Job button at the top right of the Job Listings section.
2	Fill Job Details Enter the job title, company, industry, location, job type, salary, description, requirements, benefits, and deadline.
3	Set Employer Email Enter the employer notification email (optional). This address receives an alert each time someone applies.
4	Set Status Choose Active to publish immediately, or Draft to save without publishing.
5	Save Click Save Job . The job appears in the listings immediately if set to Active.

[SCREENSHOT: Admin Job Posting Form]
Replace this placeholder with an actual screenshot

Editing or Deleting a Job

1	Find the Job In the Job Listings table, find the job you want to modify.
2	Click Edit Click the Edit button to open the form pre-filled with existing data.
3	Make Changes Update any fields and click Save Job .

4

Delete

Click the red **Delete** button and confirm. This action is permanent.

***Note:** Jobs whose application deadline has passed are automatically marked as **Expired** by the system. They remain visible on the platform with an "Applications Closed" badge but no new applications can be submitted.*

5.4 Managing Job Applications

The Job Applications section organises all applications by job role, making it easy to review candidates for each specific position.

1

Go to Job Applications

Click **Job Applications** in the sidebar under Submissions.

2

Select a Job

Click on any job card to drill down into its applicants. The card shows the total number of applications received.

3

Review Applicants

The applicant table shows name, email, experience, current status, date applied, and CV download option.

4

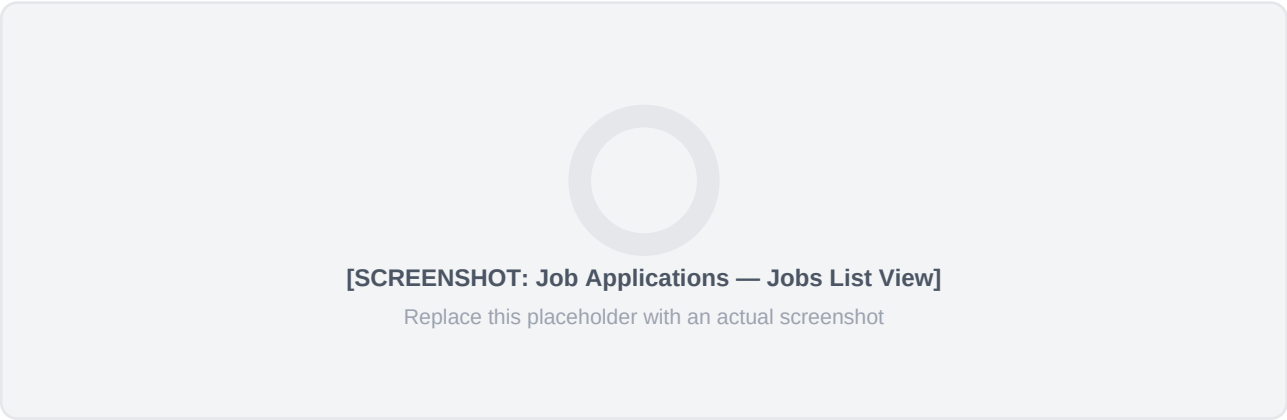

Update Status

Use the status dropdown next to each applicant to change their status: Pending, Reviewed, Shortlisted, Rejected, or Hired.

5

Go Back

Click ← **Back to all jobs** to return to the jobs list.

[SCREENSHOT: Job Applications — Applicants Drill-down View]

Replace this placeholder with an actual screenshot

5.5 Downloading CVs

Download a Single CV

- 1 Open Job Applicants**
Click on a job in the Job Applications section.
- 2 Click Download CV**
Click the green **Download CV** button next to the applicant. The file downloads automatically to your computer.

Download All CVs for a Job (ZIP)

- 1 Open Job Applicants**
Click on a job in the Job Applications section.
- 2 Click Download All CVs**
Click the **Download All CVs (ZIP)** button at the top. All CVs for that role are packaged into a single ZIP file and downloaded.

***Note:** CVs are organised on the server in folders by job role (e.g. applications/cvs/job_5_finance-manager/) for easy management.*

5.6 Managing Submissions

The Submissions section contains four types of service inquiries: CV Writing Requests, Job Search Registrations, Training Enrolments, and Contact Messages.

- 1 Select Submission Type**
Click the relevant item in the sidebar: CV Writing Requests, Job Search Registrations, Training Enrolments, or Contact Submissions.
- 2 Review Entries**
Each submission shows the person's name, contact info, and date submitted.
- 3 Update Status**
Use the status dropdown to mark submissions as New, Pending, Read, or Done.
- 4 Delete**
Click the red Delete button to permanently remove a submission.

[SCREENSHOT: Submissions Section — CV Writing Requests]

Replace this placeholder with an actual screenshot

5.7 Managing Employer Requests

1 Go to Employer Requests

Click **Employer Requests** in the sidebar.

2 Review the Request

Each card shows the company name, job title, contact details, description, requirements, package selected, and notification email.

3 Post the Job

Click **Post This Job** to automatically open the job posting form pre-filled with the employer's details. Review and publish.

4 Update Status

Use the status dropdown to track progress: New → In Progress → Reviewed → Done.

5 Delete

Click Delete to remove the request once handled.

[SCREENSHOT: Employer Requests — Admin View]

Replace this placeholder with an actual screenshot

5.8 Blog Posts

Writing a New Blog Post

- 1 Go to Blog Posts**
Click **Blog Posts** in the sidebar under Content.
- 2 Click + Write New Post**
Click the **+ Write New Post** button.
- 3 Add Title and Category**
Enter the post title and select a category.
- 4 Write Content**
Use the rich text editor to write your blog post. Use the toolbar for bold, italic, headings, and lists.
- 5 Upload Featured Image**
Click the image upload area to add a featured image for the post.
- 6 Set Status and Publish**
Set the status to **Published** and click **Save Post**.

[SCREENSHOT: Blog Post Editor]

Replace this placeholder with an actual screenshot

5.9 Manage Admins (Super Admin Only)

This section is only visible to users with the **Super Admin** role. It allows creation, deactivation, and deletion of admin accounts.

Adding a New Admin

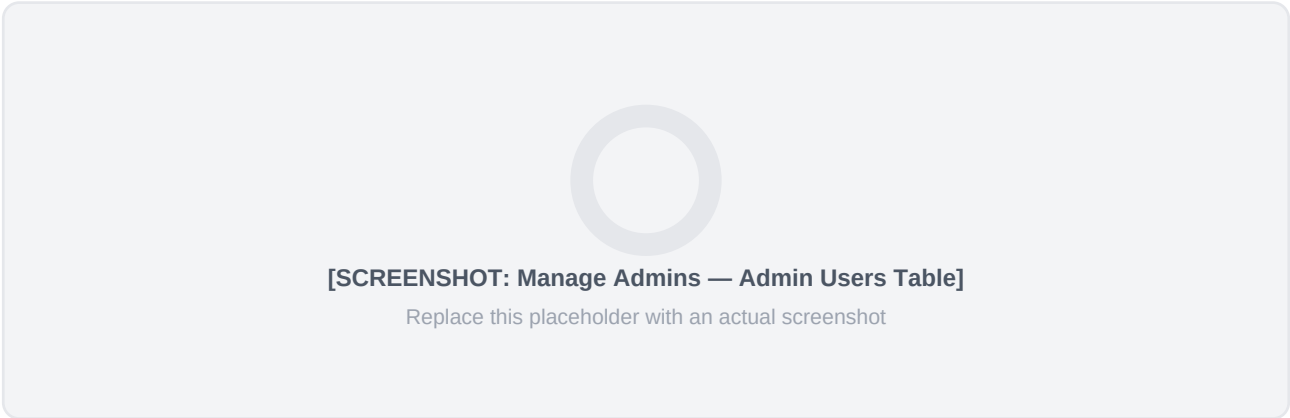

- 1 Go to Manage Admins**
Click **Manage Admins** in the sidebar under Super Admin.

2	Click + Add New Admin Click the + Add New Admin button at the top right.
3	Fill Details Enter the new admin's first name, last name, email address, username, password, and role (Admin or Super Admin).
4	Save Click Create Admin. A welcome email with login credentials is automatically sent to the new admin.

Deactivating or Deleting an Admin

1	Find the Admin Locate the admin in the All Admin Users table.
2	Deactivate Click the red Deactivate button to temporarily disable the account. The admin cannot log in while deactivated. Click Reactivate to restore access.
3	Delete Click the Delete button and confirm. This permanently removes the account.

***Note:** You cannot deactivate or delete your own account (the current session). The system prevents this to avoid accidental lockout.*

6. Frequently Asked Questions

Q: I did not receive my OTP verification code. What should I do?

A: Check your spam/junk folder first. If it is not there, wait 1 minute and click **Resend code** on the verification screen. The code expires after 10 minutes. If the issue persists, contact Kennedia support.

Q: Can I apply for a job without registering?

A: Yes — for jobs below the salary threshold, Easy Apply is available. Simply fill in your name, email, phone number, and upload your CV. No account required.

Q: How do I know the status of my application?

A: Log in to your dashboard and click **My Applications**. The status column shows Pending, Reviewed, Shortlisted, Rejected, or Hired for each application.

Q: Why can I no longer apply for a job I saw earlier?

A: The job's application deadline has passed. Jobs with expired deadlines are displayed with an "Applications Closed" badge and the apply button is disabled.

Q: As an employer, how long does it take for my job to go live?

A: Kennedia aims to review and post all employer requests within **24 hours** of submission. You will receive a confirmation email once the request is received.

Q: How will I know when someone applies for my posted job?

A: You will receive an automatic email notification at the address you provided in the Notification Email field of your job posting request.

Q: I forgot my admin password. How do I reset it?

A: Use the **Forgot password?** link on the Login modal. Enter your admin email, verify the OTP sent to your inbox, and set a new password.

Q: Can a regular admin create other admins?

A: No. Only users with the **Super Admin** role can create, deactivate, or delete admin accounts.

7. Contact & Support

For technical support, platform questions, or to report an issue, please reach out to the Kennedia Jobs team through any of the channels below.

Email	info@kennediaconsulting.net
Website	kennediaconsulting.net
Contact Form	Use the Contact Us page on KennediaJobs to send a message directly to the team
Admin Support	Super Admin users can contact the developer directly for technical issues
